

## RESERVE CHARDONNAY

An elegant cool climate Chardonnay expression with straight forward vinification - whole bunch pressed, primary and secondary ferments were in French oak barrels in a mix of cask formats, 40% of which were new.

This is a fruit forward style with aromatics of apple and table pear which follow onto the palate with generous white peach. The rich and creamy French oak frames the well-defined fruit structure, with a linear acid backbone providing length and persistence. Subtle phenolic extraction provides further balance and complexity on the finish making this a superb food wine which will provide longevity in the cellar.
